

## RELIABLE REMEDY RESTORES KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is a physician's prescription. Swamp-Root is a strengthening medicine. Dr. Kilmer used it for years in his private practice. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it will help you. No other remedy can successfully take its place.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

### Only Human Nature.

"That man wants his photographs to look as natural as possible," whispered the assistant to the proprietor of the studio.

"Then make it as handsome as you can," came the quick reply.

"But—he's awfully ugly, and insists he doesn't want the portrait to flatter him at all."

"He won't think it flatters him," said the proprietor, knowingly. "He'll only feel sure that at last someone has managed to catch him looking just right."

### Working Up to It.

"What's the matter, Adolphus? Why do you look nervous and you can't keep still."

"You notice it, do you? Fine! Fine! I'm smoking 100 cigarettes a day, drinking about twenty cups of strong coffee, not to mention all the other things."

"But what's the idea?" "Don't interrupt me, old fellow. I'm just on the verge of inventing a new dance."—Life.

### Bounds of Reason.

Cousin Tim—What are "the bounds of reason?"

Cousin Jim—Jumping at conclusions.

And some strange bedfellows are also found in political graveyards.

### MOTHER'S "NOTIONS"

Good for Young People to Follow.

"My little grandson often comes up to show me how large the muscles of his arms are.

"He was a delicate child, but has developed into a strong, healthy boy and Postum has been the principal factor.

"I was induced to give him the Postum because of my own experience with it.

"I am sixty years old, and have been a victim of nervous dyspepsia for many years. Have tried all sorts of medicines and had treatment from many physicians, but no permanent relief came.

"I used to read the Postum advertisements in our paper. At first I gave but little attention to them, but finally something in one of the advertisements made me conclude to try Postum.

"I was very particular to have it prepared strictly according to directions, and used good, rich cream. It was very nice indeed, and about bedtime I said to the members of the family that I believed I felt better. One of them laughed and said, 'That's another of mother's notions,' but the notion has not left me yet.

"I continued to improve right along after leaving off coffee and taking Postum, and now after three years' use I feel so well that I am almost young again. I know Postum was the cause of the change in my health and I cannot say too much in its favor. I wish I could persuade all nervous people to use it."

Name given by Postum Co., Battle Creek, Mich.

Postum comes in two forms:

Postum Cereal—the original form—must be well boiled. 15c and 25c packages.

Instant Postum—a soluble powder—dissolves quickly in a cup of hot water, and, with cream and sugar, makes a delicious beverage instantly. 30c and 50c tins.

Both kinds are equally delicious and cost about the same per cup.

"There's a Reason" for Postum.

## VILLA IS BOASTFUL

Mexican Chief Ready to Whip American Army, if It Becomes Necessary.

## FUNSTON GOES TO DOUGLAS

Fighting Kansan to Take Personal Charge or Troops on Border—Carranza Force Ready.

Douglas, Ariz., Nov. 1.—Gen. Francisco Villa began moving his troops into position tonight for an attack on Agua Prieta, Sonora, opposite here, regardless, he personally declared, of any consequences or effects from the United States.

"If necessary, I will fight the United States army assembled along the border," Villa asserted after hearing this afternoon for the first time that the American government had given permission for Carranza to transport troops from Laredo and Eagle Pass, Tex., to reinforce the garrison at Agua Prieta.

Four of these troop trains arrived tonight, bringing the total fighting men of the garrison commanded by Gen. P. Elias Calles to approximately six thousand men.

Villa himself was with his cavalry, forming a flank guard, which passed along the border today. It was on this march that he learned that Carranza reinforcements had been transported over American territory and launched a verbal attack on the United States, which he declared would turn into a physical attack if necessary.

"Agua Prieta will be mine," he asserted, "Americans or no Americans."

Says He Can Whip the U. S.

"I am through with the United States. I can fight my battles. Let them fight theirs."

"I can whip Carranza and his entire army, but it is asking a great deal to whip the United States; but I suppose I can do that, too."

Villa said his entire plan of campaign had been mapped out. At that time the general was with a small bodyguard three miles east of Niggerhead, a black butte just below the border and almost within range of the 3-inch guns of the Agua Prieta garrison.

### Gen. Funston to Douglas.

San Antonio, Tex., Nov. 1.—Border conditions at Douglas, Ariz., have become so critical that Maj. Gen. Frederick Funston, commanding general of the Southern department, left last night for the Arizona town in order that he may personally supervise the movements of the American army along the border in that vicinity. He will arrive in Douglas Tuesday morning.

## ERASED HYPHEN IN CHICAGO

Three Hundred Former Germans Stood Up as Americans at a North Side Meeting.

Chicago, Nov. 1.—American citizens who were born in Germany or were of German descent cut out the hyphen this afternoon and stood up in North Side Turner Hall as Americans.

There were more than 300 of them at the meeting, which was preliminary to the organization of the Carl Schurz Co-operative Society. The name Schurz is to convey the Teutonic feature of the society, supplanting the name of the fatherland, which at any other time might have been used.

It was reported that a man known to have close relations with the government in Berlin went to the Turner Hall, but was stopped at the door. He was told it was the purpose of the society to keep itself above even suspicion that it had anything to do with German agents. He went away.

## AMERICAN BOAT CAPTURED

British Prize Crews Arrive at Halifax with Steamer Hocking—Have Dutch Steamer, Too.

Halifax, N. S., Nov. 1.—The Dutch steamer Hamborn, from New York, and the steamer Hocking, from New York for Norfolk, were brought into port here today by prize crews from a British warship. The Hocking formerly was the Danish steamer Gronland, but was recently changed to American registry and was flying the American flag when overhauled by the warship.

The sheriff of the admiralty court has taken charge of both steamers and has placed armed men aboard, but nothing has been made public as to why the vessels were seized. Both steamers were conveyed here by warships.

**Electric Bait for Night Fishing.** Having noticed that certain game fish, particularly the bass and muskellunge, often contain glowworms and other phosphorescent insects, an inventor has devised a unique electrically illuminated bait for either deep-water trolling or night fishing. The bait is made of celluloid, in the form of a minnow, and containing a miniature electric lamp which is supplied with current through fine copper wires carried along the fish line. The light may be flashed on or off by means of a pushbutton, making the bait resemble a glowworm if desired.
